STUDENT EXPERIENCE

Science Expo – 2025

Developed a gesture-controlled robotic car using Arduino and sensors.

Presented the project to judges, explaining its design, coding, and functionality.

International Physics & Astronomy Olympiad

Participated in the preliminary round of an international-level Olympiad.

Applied physics knowledge and analytical thinking to solve challenging problems.

CEATS Competition

Competed in an academic assessment focused on reasoning and problem-solving.

Demonstrated critical thinking, accuracy, and time management under pressure.

Talent Hunt Competition

Secured 1st Position by showcasing creativity and presentation skills.

Demonstrated confidence, communication, and the ability to perform under pressure.
